Hopefully, the front cover intrigued you to learn more about the family photographed and their story. This past June, Keeton Nimrod, a 14-year-old from Kansas battling non-Hodgkin's lymphoma, visited the Gumbo Limbo Nature Center with his family to fulfill his wish: to take care of sea turtles. Over a few days, he lived his dream as an Honorary Sea Turtle Technician: going on a Turtle Walk, helping to release sea turtle hatchlings, and providing care and examinations of the turtles in Gumbo Limbo Nature Center's Sea Turtle Rehabilitation Facility. Gumbo Limbo, the Greater Boca Raton Beach and Park District, and the City of Boca Raton have a strong partnership with the Make-A-Wish Foundation of Southern Florida. Over this summer, Gumbo Limbo hosted three other "wishes." During the wish experience—lending a helping hand to our technicians, feeding, and assisting with animal care—a remarkable thing happens: The children see the other side of treatment. They become the doctor, not the patient. This provides perspective and impacts healing. I would like to thank the entire Gumbo Limbo team, including volunteers, for their ongoing assistance in providing amazing experiences for every person (and animal) who visits the nature center.

The other thing you might have noticed in the cover photo is the beautiful artwork at the entrance to the central tunnel located in Spanish River Park. This one-of-a-kind piece, masterfully painted by Tom D'Auria, is one of six unique installations of art. Each of the Spanish River Park beach tunnels was painted by a different local artist, and all the pieces enhance the serenity of nature within the park and the beach. Kudos to the Mayor and City Council, the Art in Public Places Advisory Board, and the Development Services Department for their vision to further enhance our community. I challenge you to take some time to visit Spanish River Park, take a walk, enjoy the artwork, and take a break and a breather from your hectic life. You'll leave refreshed and will believe in the restorative power of nature! Parks have the ability to nurture, heal, inspire, challenge, and capture your imagination! Every day, the 800-plus team members in your Recreation Services Department work hard to provide amenities that enable our citizens and visitors to enjoy the best things about Boca Raton: our green spaces, native preserves, and areas to reconnect with nature.

Finally, you've most likely already seen information on our ongoing Community Needs Assessment. The Greater Boca Raton Beach and Park District and the City need your input and ideas on the Recreation Services Division. A full website, www.bocarecreates.com, has been created to keep you informed of this ongoing important project. The future of Boca parks is bright; we want to hear your thoughts.

I look forward to seeing you in a park, program, or facility soon!

Recreationally yours,
Michael J. Kalvort, CPRE

VOLUNTEER

BOCA RATON, A CITY FOR ALL SEASONS HAS VOLUNTEERS FOR ALL REASONS.

Interested in becoming a volunteer with the City of Boca Raton? From teens to retirees, we have a broad spectrum of volunteer opportunities. We are forever grateful for the contributions that our volunteers make to the City of Boca Raton.

VOLUNTEER DUTIES

Our volunteers assist Recreation Services staff at many of our beautiful parks and facilities including the Boca Raton Public Library, Gumbo Limbo Nature Center, Sugar Sand Park, James A. Rutherford Community Center, Golf Courses, Tennis Centers, or by coaching youth sports teams in Athletics. Volunteers also assist at the Fire Services and Police Services locations, Certified Emergency Response Team (C.E.R.T.), greeting citizens at City Hall or helping out with clerical duties in one of the City's many departments.

HOW TO APPLY

The volunteer application is available upon request. Please call Human Resources (561) 393-7804.

JAMES A RUTHERFORD COMMUNITY CENTER

HISTORICAL SOCIETY - SENTIMENTAL JOURNEY-BOCA RATON DURING WWII

Explore the life and important contributions of a small farming town, Boca Raton, during WWII. Experience World War II as Boca Raton-ians: from German U-Boats attacking merchant ships right off the coast to rationing and practicing "blackout" conditions every night. In 1942 Boca Raton went from a city with a population of just over 700 to a city of thousands. The rapid growth was in thanks to the city being chosen as the home for the Boca Raton Army Air Corps (later the US Air Force) airborne radar training base. After the war, many of the men and women once stationed in Boca returned to call the city home. The old runways of the base laid the groundwork for two other institutions: Florida Atlantic University and the Boca Raton Airport. research@bocahistory.org. September

ROBERT FELDMAN

Robert first began experimenting with applying fire to augment and enrich his abstract paintings during his years living in Bisbee and Tucson, Arizona. It was during this period he acquired skills as a stonemason and silversmith as well. Subsequently upon returning to NY, Robert transitioned into designing sculptural jewelry, where his metalwork appeared in several prominent stores throughout the country, including Saks 5th Ave and Bergdorf Goodman as well as Harper's Bazaar and Vogue magazines. THOR GUARD LIGHTNING DETECTION SYSTEM

Lightning is a severe hazard that must be viewed seriously. Everyone should immediately seek shelter any time they believe lightning threatens them, even if a signal has NOT been sounded. In many of our facilities, you will be warned by our Thor Guard Lightning Detection System, which sounds ONE 15-second blast of the horn signaling suspension of all activities (if equipped, a strobe light will begin flashing and remain flashing until safe conditions return). You should immediately seek an appropriate, safe shelter. You may resume activities only after THREE 5-second blasts of the horn are sounded and the strobe light, if equipped, stops flashing. If you remain outdoors after the warning is issued, you do so at your own risk. The City cannot guarantee the effectiveness of the warning system.

The following parks are equipped with this system: deHoernle, Hillsboro El Rio, Lake Wyman, Meadows, Memorial, Patch Reef, Sand Pine, Sugar Sand, Swim & Racquet Center, University Woodland.

TAYLORED ATHLETE

BASKETBALL TRAINING CLASSES

Taylorred Athletes' (TA) expert coaches impart their knowledge to young athletes in two training courses. TA Basketball Fundamentals focuses on building the foundational skills to achieve success as a serious competitor. These training sessions also build the basis for the mental aspect of the game-Basketball IQ and Self-Empowerment. TA Travel Basketball Training is designed for serious competitors to maximize their potential as high-level basketball players. Travel Basketball Training focuses on game-specific training to allow every athlete to excel in a way that is best for them and/or their team, and guards are more likely to focus on pick-and-roll mastery than just simply ball handling. For more information, call (561) 239-5470 or visit taylorredathletes.com.

SEA BATHERS ERUPTION (SEA LICE)

WHAT IS IT?

Ocean bathers report red welts and blotches, which are concentrated under the swimsuit and other parts of the body after swimming in the ocean. Itching and redness usually occur several hours after ocean bathing. Some experience a slight "prickling" sensation while they are in the water. This occurs mostly from April to July

SYMPTOMS AND TREATMENT

Itching: usually lasts 2-4 days but can last as long as 2 weeks. Some people have more severe reactions, including headache, fever, nausea, and infected blisters. Children may develop high fever. An oral antihistamine may help to relieve the itching. Also, an over-the-counter topical 1% cortisone cream or sting aid may be helpful. With severe reactions or complications, call your physician immediately. For more information, call (561) 514-5369, HRS-Palm Beach County Public Health Unit.

PREVENTION

Make sure you change out of your bathing suit before showering. This may reduce your risk for sea bather's eruption by half.

FEES AND RESIDENCY

City Residents: Ownership of South Beach Park, Red Reef Park and Spanish River Park is held by the City. City residents are allowed use of all three parks for one permit cost (\$62 including tax).

Greater Boca Raton Beach and Park District Residents: Ownership of South Beach Park, Red Reef Park, and Spanish River Park is held by the City. District residents may purchase a permit that allows use of all three parks (\$62 including tax).

Palm Beach County Residents: Residents of Palm Beach County may purchase a permit for South Beach Park through an agreement between the City and County. The City is responsible for all operation and maintenance, with the provision that County residents be allowed usage of the Park at the same rate as City residents (\$62 including tax).

HOW TO OBTAIN A PERMIT

Permits may be purchased at Boca Raton Community Center, James A. Rutherford Community Center, and Sugar Sand Park Community Center. Permits are not transferable and must be permanently affixed to the bottom left front of the interior windshield glass of the vehicle in order to be admitted into the park. Any transfer of the permit will result in revocation. Vehicles without permits properly affixed to the windshield glass will not be allowed to enter the park until permits are properly affixed. Permit **cannot** be taped to windshield glass or placed on paper or transparencies. A **One-day** visit will require the boater to obtain a daily permit at one of the above locations prior to launching watercraft. Daily permits must be hung on rearview mirror, visible for review. A **One-Day Visitor Permit** expires 24 hours after issuance.

Applicants are required to provide a document from both 1 & 2 below:

1. Present an official state motor vehicle registration, title, current bill of sale, or rental/lease agreement (with applicant's name) for each vehicle.
2. Prove residency in Palm Beach County by providing one of the following current documents showing resident's name and Palm Beach County address: current driver's license, city/county tax bill, unpaid telephone bill, water deposit receipt, Florida power/light bill, rental or lease agreement, notarized letter from condo association.

University students and faculty residing on campus in Palm Beach County may establish proof of residency by submitting a signed letter by the Director of Housing certifying campus residency.

ADULT DAY TRIPS

SOLID WASTE AUTHORITY OF PBC

Tuesday, December 17, 9:15am-4:45pm

112406 Cost per person: \$25

Come and explore with us as we tour the Solid Waste Authority (SWA) of Palm Beach County. During this adventure, you will be guided through various locations including the Renewable Energy Facility, Landfill, Greenway Trail System, Bio-Solids and the Recovered Materials Processing Facility. After, we will drive to City Place in West Palm Beach where you are free to finish up any last-minute shopping and dine on your own if you so choose. Make sure to take in the sights as City Place offers old-world architecture, beautiful fountains and sidewalk café that create an atmosphere strikingly reminiscent of a European town center. This trip includes light refreshments at the community center prior to departure, a guided tour of the SWA of Palm Beach County, and round-trip motor coach transportation to and from Patch Reef Park. Closed-toed shoes are mandatory per the SWA. Please arrive at Patch Reef Park for check-in by 8:45am.
